

## EXCELLENCE AND MANUFACTURING PRECISION

We Procure finest and purest herbs from their indigenous regions to ensure that the proper climate, soil and water crucial to the contents of active ingredients are present, as most herbs indigenous to one region cannot have the same content if grown in another region. We procure herbs that are harvested at the proper time to ensure maximum optimum potency of the active ingredients in each herb, through a team of our herbal master experts.

Once the herbal raw material arrives at the manufacturing unit, it is extensively microscopically, vigorously, and rigorously examined by our master pharmacists. All products are manufactured under the GMP certification guidelines to ensure the maximum effectiveness without any side effect. Further more the active and time tested ayurvedic ingredients, mentioned above and the respective indications meet the specific concentration as specified in Shastras, without any compromise. It ensures maximum optimum intake of the active specific ingredients thereby providing quicker, faster and complete relief, without any side effect.

## NORMALISES BLOOD PRESSURE, SLEEPLESSNESS & RESTLESSNESS THROUGH HERBAL AYURVEDIC SYSTEM

**CONTEXT / DESCRIPTION :** Hypertension is known to elevate the pressure of the blood in the arteries. The Hypertension (High Blood Pressure) can be attributed to many factors i.e age, sex, diet, family history, mental and physical activities etc. Besides, when the toxins are deposited in the heart channels, it narrows the lumen of arteries thereby the blood has to exert more pressure for circulation which results in hypertension. Moreover, negative thinking, stress, anxiety and obesity and lack of exercise also add up to this condition. Normal Blood Pressure of healthy adult should be 120mm Hg systolic and 80mm Hg Diastolic. Any major variations should not be ignored as the same may cause paralysis or heart attack.
